

2018 ANNUAL REPORT

CHAMPION AWARENESS | INSPIRE GENEROSITY | SUPPORT NONPROFITS

2018 HIGHLIGHTS

CHAMPION AWARENESS

The Hearts & Hands Fund was established as a field of interest fund to help meet the hidden needs in Douglas County to support healthy families with an emphasis on: nutrition, safe homes and mental health. Inaugural grants will be awarded in 2019. A short, informative video on the face of need in Douglas County was also produced. Staff, foundation board members and volunteers visited community service groups and actively engaged with our community.

INSPIRE GENEROSITY

An investment firm was carefully selected and the Foundation is proud to work with Collier Financial and other trusted advisors as they assist clients in establishing a legacy of charitable giving and create long-term sustainable plans for foundation asset growth. We were also pleased to have a \$5,000 challenge grant offered in 2018 for our new Hearts & Hand Fun from the Aloha Trust.

SUPPORT NONPROFITS

Douglas County Community Foundation (DCCF) served as ColoradoGives Regional Champion to 45 DC GIVES nonprofits, an 18% membership increase over 2017. As DCCF enlarged its presence in the community, we grew our efforts to have an even greater positive impact through trainings for nonprofits and additional marketing to #GiveWhereYouLive.

Mission Statement

Douglas County Community Foundation provides leadership and responsible stewardship of philanthropic resources to enhance the quality of life in Douglas County.
